A STREAMLINED SOLUTION FOR THE SOCIAL SIX.

Developed by DENTSPLY International, MTM® Clear•Aligner is an innovative approach to minor tooth movement (MTM) that delivers outstanding results. Unlike other clear aligners, MTM® Clear•Aligner uses “open pathway” architecture and integrated “force points” to easily move teeth into place.

- No limit on the number of aligners
- Convenient online training
- On-demand technical support
- No bonded attachments

- Virtually undetectable
- Surprisingly affordable
- No case minimums
- Online case submission/tracking

PRODUCT RETURNS TERMS & CONDITIONS:

Prices expire December 31, 2014 and are not valid in conjunction with any other offer or on previously placed orders. Merchandise that is part of a promotion combining full price and free items is not returnable for credit or exchange. Free item must be of equal or lesser value. Not responsible for typographical errors. Colors are for illustration purposes only. Actual color of product may vary. All descriptions, items and pricing listed herein are subject to change.

©2014 DENTSPLY

All returns must receive a RETURN MATERIALS AUTHORIZATION (RMA) number from DENTSPLY Canada Customer Care Department prior to shipment. This RMA number must be clearly noted on the outside of the shipping carton. If products are shipped without an RMA, the product will be shipped back to the customer. Returns must be sent to: DENTSPLY Canada / Attention: Customer Care / 161 Vinyl Court / Woodbridge, ON L4L 4A3

1. An RMA # will be provided once the following documentation is faxed to Customer Care Dept:
   - Proof of Purchase
   - Serial #, lot# and/or expiry date (where applicable).
2. All products returned for credit or exchange must be of current design and in the original, unopened, sealed package and in saleable condition. Damaged, opened, outdated, obsolete, used, “demo” products, or products and parts purchased more than 6 months prior to the current date are not returnable for credit or exchange.
3. A copy of the original invoice must accompany all product returns for credit or exchange. Consumables must have corresponding Lot and expiration dates. All Equipment must have serial number referenced on invoice.
4. No discontinued products will be accepted for return.
5. Return Authorization and Credit will not be issued for overstock/inventory relief.
6. Products (except equipment) returned after 30 days are subject to a minimum 20% restocking charge. No unopened equipment will be accepted for return credit or exchange beyond 30 days of invoice date.
7. Final approval for replacement or credit is at the sole discretion of DENTSPLY Canada.
8. Transportation charges both ways must be paid by the customer or distributor on products, parts or accessories returned for credit or exchange, regardless of the warranty period.
9. Opened packages of all equipment cannot be accepted for credit by DENTSPLY Canada. Upon evaluation if equipment can be repaired, standard repair and repackaging charges will be applied based on the invoice received. Repair charges exceed warranty coverage, customer will be notified and approval must be received before additional repairs are made. There is a 90-day warranty on the repair parts and labor for qualifying small equipment.
10. Custom, imprinted, made-to-order, or customer modified products are not returnable for credit or exchange.
11. All product complaints are to be reported to DENTSPLY Canada’s Customer Care Department with all relevant product information (i.e. Item#, Lot# and Expiry Date).
12. Any parts or products which fail in service after date of installation will have a full 90-day warranty on the repair parts and labor for qualifying small equipment.
13. For Technical Assistance, please call our Service Dept at 1-800-263-1437 or 905-851-6060.
Introducing an innovative way to treat the most common misalignments.

Not all anterior misalignment cases are alike. That’s why DENTSPLY developed MTM® Clear•Aligner Service Center, a turn-key lab-based solution for treating the “Social Six”. With flat-fee pricing and an unlimited number of aligners, MTM Clear•Aligner is the easy and affordable way to treat your adult patients. Using force points and a unique “open pathway” architecture, MTM Clear•Aligner moves teeth more easily into their desired positions, without the use of unsightly attachments. Whether you’re making cosmetic improvements, treating relapse or finishing/refining other orthodontic treatments, MTM Clear•Aligner can help you reach your goals in as little as three to six months. Expand your scope of services with MTM Clear•Aligner, available exclusively from DENTSPLY International.

- Innovative Technology
- Flat Fee
- No Attachments
- Highly Affordable

Visit mtmClearAligner.com or call 1.888.898.4mtm(4686) to learn more.
The DENTSPLY Difference

There are many clear aligner systems on the market today, so it can be difficult to sort through the options. Here’s why MTM® Clear•Aligner Service Center is an excellent choice for your practice:

• **Trusted Name** –  
  You can count on DENTSPLY to deliver quality products and services, as it has for over 100 years.

• **Proven Technology** –  
  Clinicians have successfully used MTM® Clear•Aligner in-office since 1998, and as a lab service for over two years in Canada.

• **Made and Serviced in the USA**

• **Unique Open Pathway Architecture** –
  
  Helps teeth move easily into position, reducing the risk of collision failure.

• **Integrated Force Points** –  
  MTM® Clear•Aligner moves teeth with no attachments. That means less chairtime, excellent esthetics and easy seating and removal of appliances.

• **Plastic and Process Expertise** –  
  Our unique manufacturing method yields an aligner that’s clearer than the competition’s.

• **Unlimited Aligners** –  
  No limit to the number of aligners in your Treatment Plan. So your cost is predictable.

• **Simple Online Case Submission and Treatment Plan Approval** –  
  Help you work faster and give you full control over your cases.

• **Convenient Training Options** –  
  Choice of online or full-day hands-on courses.

• **Highly Affordable** –  
  Priced to expand the market, increase your case volume and boost your profit per case.

• **Refinement** –  
  If your patient does need one, one free refinement is included in your case price.

• **No Minimum Case or Continuing CE Requirements**

Drive Your Top Line, Build Your Bottom Line

The MTM® Clear•Aligner Service Center’s affordable pricing and free first course correction/refinement not only let you offer clear aligner therapy to more patients, but also reduce your cost per case. Here are some examples of the savings you can realize:

- **Leading Brand**
  - Up to $1,649
  - Up to $16,490
  - Up to $82,450
  - Up to $164,900

- **MTM® Clear•Aligner**
  - $772
  - $7,720
  - $38,600
  - $77,200

Your Savings
- **Average Cost per Case**
  - Up to $877
  - Up to $3770
  - Up to $43,850
  - Up to $87,700

*Based on fees for similar dual arch cases. Includes one course correction/refinement if needed. Prices in $CAD. Calculated January 2014.
Patient Selection

MTM® Clear•Aligner Service Center is recommended for patients who require minor orthodontic adjustments to the anterior “Social Six” teeth. It can be used for making cosmetic enhancements, correcting orthodontic relapse, preparing for restorative procedures and/or finishing other orthodontic treatments.

MTM® Clear•Aligner is indicated for the treatment of anterior tooth malocclusions in patients with permanent dentition (i.e. all second molars). Utilizing a series of incremental minor tooth movements (torque, tipping, rotation and bodily movement), MTM® Clear•Aligner sequentially positions teeth by way of continuous gentle force.

It’s an ideal choice for patients who desire a quick, efficient and esthetic solution to their orthodontic needs. It addresses the common minor anterior misalignments seen in up to 50% of the U.S. adult population**.

The following recommended treatment ranges are guidelines to assist you with the patient selection process:

<table>
<thead>
<tr>
<th>Recommended Treatment Range*</th>
<th>Not Acceptable</th>
</tr>
</thead>
<tbody>
<tr>
<td>Space Closure Required</td>
<td>Movement of Ankylosed Teeth</td>
</tr>
<tr>
<td>Crowding per Arch</td>
<td>Movement of Implants or Fixed Bridge Work</td>
</tr>
<tr>
<td>Overlap between any Two Teeth</td>
<td>Mixed Dentition</td>
</tr>
<tr>
<td>Tipping (Lingual/Labial) per Tooth</td>
<td>Active Periodontal Disease</td>
</tr>
<tr>
<td>Tipping (Mesial/Distal) per Tooth</td>
<td>Closing Open Bites</td>
</tr>
<tr>
<td>Torque per Tooth</td>
<td>Unerupted Permanent Teeth</td>
</tr>
<tr>
<td>Rotation</td>
<td>Excessive Root Resorption</td>
</tr>
<tr>
<td>Mid-Line Correction per Arch</td>
<td>Extraction Space Closure</td>
</tr>
<tr>
<td>Intrusion per Tooth</td>
<td>Class II and Class III Occlusal Correction</td>
</tr>
<tr>
<td>Extrusion per Tooth</td>
<td></td>
</tr>
</tbody>
</table>

*Recommended Treatment Ranges are guidelines only. The tooth movement(s) experienced by an individual patient are dependent on factors outside of the lab’s control. The clinician is responsible for determining which patients are suited for treatment with MTM® Clear•Aligner, and for the outcome of any MTM® Clear•Aligner case.

Many of today’s clear aligner products provide full orthodontic treatment options. Yet the number of aligners, the learning curve and the narrow margin for error can all make it challenging to achieve predictable results. Using the MTM® Clear•Aligner System, my practice has successfully treated hundreds of patients. It almost always concludes in the three to six month range, which makes it a much more palatable solution for prospective patients. MTM® Clear•Aligner should be a part of every clinician’s TOTAL treatment solution.

Dr. Jaimée Morgan, General Dentist, Salt Lake City, UT

Marketing to Your Patients

To assist you in communicating the benefits of MTM® Clear•Aligner to your patients, DENTSPLY provides you with high-impact practice marketing materials.

Our attractive brochures and digital tabletop display help pre-sell MTM® Clear•Aligner in your waiting area. Both describe the advantages of MTM® Clear•Aligner — clarity, comfort and affordability. We also support you with online advertising, social media and a dedicated patient website featuring a doctor locator to help drive traffic to your practice.

MTM® Clear•Aligner In-Office is based on a hands-on technique developed by orthodontist Dr. Keith Hilliard to address increased patient demand for esthetic treatment. In use for over a decade, his widely-published and practiced method uses basic orthodontic principles to achieve minor tooth movements that cost-effectively improve the patient’s smile.

MTM® Clear•Aligner In-Office utilizes Essix® Brand plastics and the Thermoplier® Pliers to fabricate clear plastic aligners that move teeth with integrated “force points”. This versatile technique is used by clinicians nationwide as a standalone esthetic treatment, for mid-course correction or refinement of orthodontic cases, and in preparation for other cosmetic or therapeutic procedures.

Kit items sold separately

APIG® – PRESSURE INDICATING GEL
- For successful tooth movement, the target tooth must have specific contact with the aligner to generate adequate pressure to move the tooth
- Non-staining transparent blue gel
  Patent #7,147,466
  #18999 12g Syringe, (8) Disposable Tips $31.42
  #189TP (25) Disposable Tips $7.20

DENTAL BURNER
- State-of-the-art piezo crystal instant ignition
- One-handed touch-activated operation; adjustable flame
- Lock burner “on” for longer tasks, or “off” for safety
- 5.5” x 2.5” x 2.5”; one-year warranty
  #82TAB Dental Burner $177.88
  #82585 6oz EconoGas Butane $16.89
MTM® Clear•Aligner In-Office Kits

A fast and convenient way to integrate MTM® Clear•Aligner into your practice, MTM® Clear•Aligner In-Office Kits put you on the pathway to better case outcomes and bigger profits.

Save hundreds of dollars vs. buying each item separately!

At the core of the MTM® Clear•Aligner In-Office treatment are the Thermoplier® Pliers. The Pliers are used to create or modify force points, to create space, to create slots or to form hooks in aligners. Force points generate pressure and guidance to move teeth into the desired position. Heat Pliers prior to using. Autoclavable. Patent #6,293,790

H.I.T.® — Hook Inserting Tack Pliers

Select tooth movements, such as closing major diastemas, may require attachments. The H.I.T.® System provides a way to insert external hooks onto the aligner for attaching elastics. The attachment is affixed to the aligner, not to the teeth. This reduces chair time, and makes it easier for the patient to seat and remove the aligner. Pliers should not be heated prior to using. Autoclavable. Patent #6,702,575

<table>

</tbody>
</table>

**Purpose / Indication**

- **#82740 H.I.T.® Punch Pliers**: Punches a hole into which the hook is inserted.
- **#82720 H.I.T.® Insertion Pliers**: To insert a hook in the hole punched with Punch Pliers on target tooth.
- **#828HT H.I.T.® Hooks**: A hook to attach elastics in the hole punched with Punch Pliers on target tooth.
- **#82ELA H.I.T.® Elastics**: Closes spaces and attaches to hooks in aligner.

Window-Punching Pliers

These pliers allow easy adjustments of clear aligners for use with various orthodontic auxiliaries. No handpiece is needed! Pliers should not be heated prior to using. Autoclavable. Patent Pending

**MediMark® Europe BP 2332, F-38033, Grenoble Cedex 2, France. Rx Only. Made in Switzerland. Colors are for illustration purposes only. Actual color of product may vary.**
**Versatility AND Value**

- Precision Swiss-made, diamond-impregnated files accomplish a wide range of tasks including breaking contact, reduction, contouring, fine trimming and finishing
- Can be used three ways, depending on your personal preference and case requirements:
  - Hand-held
  - With removable grip for added control
  - In optional air-driven handpiece (#KIT04-100-00)
- Ventilation holes allow low temperature operation and prevent clogging
- Double-sided or single-sided files
- Files, grip and inner tray are autoclavable

**IDEAL® IPR Kit**
- Complex ITS™ Contra-Angle Handpiece
- Complex AM™ Air Motor
- Double-Sided IDEAL® Strips, Asst. 7 Pack
- Left Single-Sided IDEAL® Strips, Asst. 7 Pack
- Right Single-Sided IDEAL® Strips, Asst. 7 Pack
- Contact Point Saw, 7 Pack
- Tip Ejector
- IPR Gauge Set (#IPR01)
- Directions for Use, CD-ROM and Booklet

**SpaceFile® REMOVABLE GRIP**
- #40035-GRIP
- 3-Pack $11.50

**Compact Design**
- Makes reaching posterior regions easy

**Contra-Angle Handpiece**
- Performed a reciprocating motion of 1.6mm to achieve the reduction

**Steam Vacuum Sterilize**
- Air Motor and Contra-Angle Handpiece

**One-Year Warranty**
**DIAMOND INTERPROXIMAL STRIPS**

- Gateway area allows easy access to contact points
- Stainless steel with electronically bonded diamonds
- Autoclavable in aluminum tube #53500

**SERRATED INTERPROXIMAL STRIPS**

- Use to open bonded proximal contact points
- Ultra thin; made of stainless steel
- Thickness 0.05mm, width 6mm, length 150mm
- Autoclavable in aluminum tube #53500

#53400 10 per pack  $40.33
QWIKSTRIP™ INTERPROXIMAL STRIPS
Help Prevent Soft Tissue Irritation
- IPR strips allow IPR to be performed in the anterior and posterior of the mouth
- Serrated strip is used to break contact points prior to performing IPR
- Grip handles allow more control, so there is less chance of cutting patients’ lips or gums
- Autoclavable
- Assorted pack includes (2) of each grit plus (2) serrated

QwikStrip is not a trademark of DENTSPLY.

CLEAR ADAPTERS
Increase Your Visibility
- All-in-one unit allows full visual access for safety
- Contoured finger indents allow gripping with thumb or opposite hand
- Fits standard Doriot connection
- Disposable; Single use only

#53202-DI (15) 22mm  $39.84
Buy 5+, save 10%  $35.85 ea.
Buy 10+, save 20%  $31.87 ea.

IPR GAUGE SET
- Use to measure and confirm space
- Six stainless steel gauges: 0.1mm, 0.2mm, 0.25mm, 0.3mm, 0.4mm, and 0.5mm
- Autoclavable

#50002  $78.57
Buy 2+, save 20%  $62.85 ea.

ARS SPACE GAUGE
- Markings at 3mm, 5mm and 7mm along tip of instrument
- Doubles as periodontal pocket measuring instrument
- Excellent for tucking ligature wires
- Autoclavable

#50002  $78.57
Buy 2+, save 20%  $62.85 ea.

ARCH GAUGE
- Use during IPR treatment planning to measure the width of teeth & the arch
- Graduated 1mm and 5mm incremental lines
- Disposable, flexible plastic can be cut into sections for many orthodontic uses

#AMD-OR (25) Orange  $14.12
**IPR Burs**

Specialized rotary burs can accurately reduce and smooth surfaces quickly. Safe-tipped burs reduce the risk of notching the proximal enamel wall.

**POSTERIOR & ANTERIOR ARS STRIPPING BURS**

- Used for rapid enamel reduction
- Open field is required. Use separators first unless teeth are parallel
- Autoclavable; do not immerse in cold-sterilization solution

**SAFE- AND STANDARD-TIPPED BURS**

- Diamond coated helps produce a natural finish
- Autoclavable; do not immerse in cold-sterilization solution

**PRACTICAL ARS BUR KITS**

These easy-to-store kits have the burs needed for ARS – from start to finish. Individual burs may be autoclaved; do not immerse in cold-sterilization solution.

**Safe-Tipped Bur Kit**

Includes storage block and 10 burs:
(2) Anterior ARS Diamond Burs (#55000)
(4) Posterior ARS Carbide Stripping Burs (#699C)
(2) Fine Diamond Finishing Burs (#5FDST)
(2) Medium Diamond Finishing Bur (#5MDST)

#512C $160.00

**Standard-Tipped Bur Kit**

Includes storage block and 12 burs:
(2) Anterior Diamond ARS Burs (#55000)
(4) Posterior ARS Carbide Stripping Burs (#699LC)
(1) Medium Diamond Finishing Bur (#548MD)
(2) Fine Diamond Finishing Burs (#514FD)
(2) Extra-Fine Diamond Finishing Burs (#504ED)
(1) Extended Head Diamond Finishing Bur (#548FD)

#51200 $94.12
Separators

CLEAR ANTERIOR SEPARATORS
• Thin for easy insertion
• 10 separators per dispenser; 50 dispensers per pack
#CS100 $20.26

DURASEPS™ ELASTOMERIC SEPARATORS
• Vertical slot makes it easy to insert with separator pliers
• Bars on both ends allow maximum stretch without breakage, and help prevent slipping under gum tissue
• 10 separators per dispenser; 50 dispensers per pack
#DS8-P Standard Size $25.74
#DS8S-P Small Size $25.74
Buy 10+ $23.17 ea.

RESEP™ EXTRA LARGE POSTERIOR SEPARATORS
• Great for hard-to-separate cases, or for when appliances such as a palatal expander are used
• Flat sides and round corners for easy insertion
• 10 separators per dispenser to help avoid cross contamination; 50 dispensers per bag
#RPS-EL $12.89
Buy 10+ $11.60 ea.

ORTHOSEPS™ ELASTOMERIC SEPARATORS
• Strong with a high resistance to tearing
• Rounded corners and a flat top make insertion into tight contacts easy
• 10 separators per dispenser to help avoid cross contamination; 100 dispensers per bag
#OSI Individual Patient $24.50 Buy 10+ $22.05 ea.
#ORS Radiopaque $26.12 Buy 10+ $23.50 ea.
Identifiable by x-ray

SEPARATOR PLIERS
• Notched tip prevents separators from slipping
• Adjustable stop screw eliminates “over stretching”
#RSPLI $54.99

LOOSE RADIOPAQUE SEPARATORS
• Identifiable by x-ray
#RS100 1,000 per Bag $16.82
FUNKY TOOL

Use the Funky Tool with the Druomat Scan to create custom plastic sheets. Mix and match colors to create totally awesome patterns. Let your patients choose their favorite team colors. There are all sorts of funky things you can do!

#3229 Funky Tool $773.12
Six-piece set includes Cutting Table, Cutting Guide, Heating Pan, Chimney, Unit Adapter and Pressing Lid

Dreve, Druomat, Kombiplast and Drufosoft are not trademarks of DENTSPLY.
Pressure Thermoforming

DRUFOMAT SCAN PRESSURE MACHINE
Fabricate top-quality nightguards, sports mouthguards, retainers and more.
- Easy operation: barcode scanner programs heating and cool-down times
- Variable pressure of up to 6 bars (87 psi) produces excellent internal adaptation
- Vertical forming design insures consistent results
- Dimensions: 18.1”h x 11.4”w x 11.4”d
- Two-year warranty

#3300  Drufomat Scan, 115v, Red  $4,565
#3300S Drufomat Scan, 115v, Silver  $4,565

OPTIONAL PRESSURE POLYMERIZATION INSERT
- Pressure pot for cast flasks (without water)
- For repairs or extensions of dentures (with water)

#3227  $167.94

OPTIONAL GRANULES
- Allows use of models with higher or untrimmed bases when thermoforming

#4282  1.2kg Bottle, Lead  $48.95

Two bottles of granules are required to fill the F insert reservoir.

FREE WITH MACHINE
- Instructional DVD and Guidebook
- Quick Connection Kit
- Plastics Guide
- Plastic Starter Kit includes Essix ACE® Plastic, Essix C+® Plastic, Essix® Sports Mouthguard Material, Model Duplication Material, Drufosoft® Pro, Kombiplast, and Drufosoft® Sports Mouthguard Material

1.800.263.1437  Thermoforming Equipment  19
With the Drufomat Scan pressure machine, you can fabricate top quality, custom appliances right in your office – providing your patients with precision fit, function and performance.

Uniting the strength and reliability of Dreve and genuine Essix® Brand Plastics with the German-engineered Drufomat Scan thermoforming machine, is an easy and affordable way to EXPAND your services and INCREASE your profitability.

Drufomat is not a trademark of DENTSPLY.

Five Winning Reasons to Choose DruFomat Scan

**Unmatched Safety**
Piston drops down automatically with two-hand control and red LEDs point out the danger area when heating material

**Ease of use**
Visible sagging of plastics from every angle at eye level-control all working steps

**Flexibility**
Models may be placed directly on the platform or embedded with lead pellets in the space provided

**Versatility**
Ability to take in both square and circular plastics. Can also be used as flask press or a pressure polymerization unit

**Uncomplicated**
Vertical contact of the foils ensures even consistent results (No need to flip disks). Menu presents logical guide and self-explaining menu button

---

There are plenty of reasons to insist on authentic Essix® Brand Plastics. But is there a better reason than because the material you use is an integral part of your treatment plan?

DENTSPLY is a highly-respected name in dental plastics and polymer technology. When it comes to meeting the needs of clinician and patient alike, Essix® Brand Plastics give you the quality you demand and the versatility you need.

DENTSPLY also offers a complementary assortment of Dreve plastics, affording you even more flexibility to meet patient needs.
ESSIX® PLUS™ PLASTIC

- Excellent clarity and durability
- Easy to form and trim, excellent wear and impact resistance
- Accepts acrylics/bonding agents
- Protective film on both sides
- Also use for aligners and temporary bridges

Appliance Trimming Tools

**8" UNIVERSAL SHEARS**
Excellent for quickly trimming excess plastic and more rigid materials.
- Heavy-duty stainless steel
- Serrated edges
- Easy grip handles

#18005 $25.41
Buy 3+, save 10% $22.87 ea.
Buy 6+, save 20% $20.33 ea.

**4" CURVE SCISSORS**
Help obtain a clean, smooth edge on the lingual anterior region of Essix® appliances. Ideal for bleaching trays. Autoclavable.

#18004 $85.77
Buy 3+, save 10% $77.19 ea.
Buy 6+, save 20% $68.62 ea.

**3¼" CROWN & BRIDGE SCISSORS**
Designed for precise trimming, especially for the palatal or lingual on full arch appliances. Autoclavable.

#18002 $22.09
Buy 3+, save 10% $19.88 ea.
Buy 6+, save 20% $17.67 ea.

**5½" MAYO SCISSORS**
Ideal for cutting the labial outline on Essix® appliances with minimal jagged edges. The curve of the scissors follows the curve of the arch. Autoclavable.

#18001 $23.09
Buy 3+, save 10% $20.78 ea.
Buy 6+, save 20% $18.47 ea.

**SCISSORS SET**
Includes #18001 Mayo Scissors & #18002 Crown & Bridge Scissors

#18003 $39.53
FINISHING LIQUID
- Rub on completed custom sports mouthguards for a high-quality finish
- Contains natural eucalyptus

#4466N 250ml Bottle $57.93
Finishing liquid can be shipped via ground delivery only - no air delivery.

SPORTS MOUTHGUARD TRIMMING BUR
- Use to efficiently achieve smooth edges, after trimming away excess plastic
- Follow with Polishing Brushes for fine contouring and smoothing
- 2.35mm shank; coarse grit

#MGTB-1 Pack of 5 $38.15

CLEAR STRAPS
- Attach to sports mouthguard

#1M-STP-CL (12) Straps $15.71

PRECISION ELECTRIC HEAT KNIFE
- Best for trimming custom sports mouthguards and scalloping custom bleach trays
- Melt and cut thermoforming plastic — up to 4mm splint material
- Built-in regulator
- Three-month warranty

#88550 110v Knife $386.61
#88550-240 230v Knife $386.61
#88550-BLADE Extra Heat Tip $13.84

BUTANE-POWERED MICROTORCH
Smooth edges & attach straps to mouthguards.
- Safety-starter lock
- Adjusts to broad or pinpoint flame; hands-free option with intense flame
- Attached, flared base provides stability

#MT001 Microtorch $76.13
Butane-Powered Microtorch can be shipped via ground delivery only - no air delivery.

#82585 6oz EconoGas Butane $16.89
Appliance Trimming & Finishing

APPLIANCE TRIMMING KIT
One convenient kit for all of your trimming needs!
• Cordless Dremel 110v with extra battery, special dental chuck and charger (#DR007)
• Combination Polishing Brushes - (4) ea. type (#1898C)
• 5½" Mayo Scissors (#18001)
• 3½" Crown & Bridge Scissors (#18002)
• Lab Knife with 25 Refill Blades (#18KIT)
• Cast Removing Instrument (#18742)
#KIT-TRIM $233.00
Save vs. Purchasing Separately!

ACHIEVING A PERFECT FIT BUNDLE
Achieve a perfect-fitting aligner or retainer — consistently!
• (12) 10oz cans Essix Freeze Spray® Coolant (#22000)
• 12oz can Trim-Rite® Release Agent (#21004)
• Accentuator® Tool (#18943)
• Appliance Trimming Kit (#KIT-TRIM)
#18PFT $254.00
Save vs. Purchasing Separately!

Dremel is not a trademark of DENTSPLY.
Trim-Rite® Release Agent and Essix Freeze Spray® Coolant can only be shipped via ground delivery — sorry, no air delivery.
**CAST REMOVING INSTRUMENT:**
Helps Avoid Costly Cast Damage
Use under the distal flange to work appliance up off the model to ensure plastic integrity and avoid breaking the cast.

#18742 $33.73
Buy 3+ $26.98 ea.

**ACCENTUATOR® TOOL:**
Helps Ensure a Snap-in Fit
Use to guide plastic down into the interproximal undercuts.

#18943 $31.91
Buy 3+ $25.53 ea.

**ESSIX FREEZE SPRAY® COOLANT:**
Provides Enhanced Adaptation
Use to cool plastic after thermoforming to prevent malformation of plastic. Without this rapid cooling, lingual or palatal edge may lift. Also used to increase flexibility on thermal-activated arch wires.

Patent #6,371,759

#22000 10oz can $21.10

**TRIM-RITE® RELEASE AGENT:**
Helps Avoid Broken Models
Spray the cast to ensure a clean separation of the working cast from the thermoformed plastic.
- Works with all thermoforming plastics
- Formulated not to turn plastic yellow!

#21004 12oz can $22.82

**ESSIX® LAB KNIFE**
Good for cutting distal ends on plastic appliances and for cutting windows in aligners for tooth movement.

#18800 Essix® Lab Knife $14.18
#188RF 25 Refill Blades $17.62
#18KIT Essix® Lab Knife & 25 Refill Blades $25.19

**CORDLESS DREMEL**
Use to trim and polish removable appliances.
- Special dental chuck and charger
- Two speeds: 6,500 and 13,000 rpm
- Two-year manufacturer’s warranty

#DR001 Cordless Dremel 110v $60.42
#DR006 Extra Dremel Battery $30.20
#DR007 Cordless Dremel 110v with Extra Battery, Special Dental Chuck and Charger $90.26

1.800.263.1437 Trimming Tools 33
Appliance Trimming & Finishing

**SQ MICROMOTOR**
- Use with burs and polishing brushes to finish removable plastic appliances quickly
- 0-35,000rpm non-stage speed system
- Variable speed foot control; forward and reverse
- One-year warranty

#207MM-110 110v/220v  $457.64

SQ is not a trademark of DENTSPLY.

**TRIMMING WHEEL**
Trim plastic appliances with this high-quality, rigid one-piece tool.
- 10mm head size; 0.5mm thickness
- Max. speed 10,000rpm

#18320  $25.41
Buy 5+, save 20%  $20.33 ea.

**POLISHING BRUSHES**
Ideal for polishing edges of plastic appliances.
- Scotch-Brite® material pre-mounted on mandrel
- Use with Cordless Dremel; max. speed 5,000rpm

#18981 (12) Coarse  $38.15
#18982 (12) Medium  $38.15
#18983 (12) Fine  $38.15

#1898C Combo Pack - (4) of each grit  $35.15
Buy 5+ packs, save 20%  $30.62 ea.

Scotch-Brite® is not a trademark of DENTSPLY.

**BORDER POLISHERS**
Smooth Edges of Appliances
Use with Cordless Dremel or slow-speed handpiece at a maximum of 10,000rpm.

#18973 Coarse Grit  $11.39
#18972 Medium Grit  $11.39
#18971 Fine Grit  $11.39

#18970 Border Polisher Set
(1) ea. grit  $31.47
Buy 5+ sets, save 10%  $28.32 ea.

**TRIMMING WHEEL**
Trim plastic appliances with this high-quality, rigid one-piece tool.
- 10mm head size; 0.5mm thickness
- Max. speed 10,000rpm

#18320  $25.41
Buy 5+, save 20%  $20.33 ea.
CARBIDE LAB BURS
· Not for intra-oral use · For straight handpiece only
(1) Bur $33.60 Buy 3+ $30.24 ea.

Fine Tothing with Cross Cuts
· Trims standard acrylics
· Can be used on precious metals including titanium

#APK-3 $10.92
Appliance Cases

Hard cases are a great way to protect appliances. One-piece cases are designed with a locking mechanism that stands up to heavy use. Two-piece cases have a positive locking system that prevents accidental opening.

Colors are for illustration purposes only. Actual color of product may vary.

EURO CASES
- 1.5” deep x 3” wide x 2.5” long
- Deeper to allow for slightly larger appliances, including TMJ splints and nightguards.

Personalized Mix colors in quantities of 150.
#19SS-(color)-C Sparkle Qty.120, $105.53
#19SS-(color)-C72 Sparkle Qty.72, $65.82

Non-Personalized Mix colors in quantities of 12.
#19SS-(color)-12PK Sparkle $8.07
#19SS-(color)-12PK Tropical Sparkle $8.07

MINI CASES
- 1” deep x 2” wide x 3.375” long
- Great fit in pockets and backpacks!

Personalized Mix colors in quantities of 150.

The TurboMAX® Alginate Auto Mixer was named a Preferred Product by THE DENTAL ADVISOR four years in a row!
Model Construction

Expansion can cause ill-fitting appliances. Essix® Die Stones have low setting expansions to provide a good fit. 5.5 pounds makes approximately 23 full arch models!

ESSIX® DIE STONE
High compression strength makes a strong stone model.
- Working time 6-8 min.; setting time 12 min.
- Pull time minimum 30 minutes
- Completely dry at 17,000psi in 48 hours
- Low setting expansion of 0.13%
- Pink color

#16005 5.5 lb. Bag $47.38 ea.
#16025 25 lb. Carton $80.20 ea.
#16050 50 lb. Carton $105.75 ea.
Only 50¢ per model!

ESSIX® FAST CAST DIE STONE
Allows you to deliver appliances quickly.
- Working time 60-90 sec.; setting time 2 min.
- Pull time minimum 5 minutes
- Completely dry at 14,000psi in 48 hours
- Setting expansion of 0.15%
- White color

#16505 5.5 lb. Bag $47.38 ea.
#16545 45 lb. Carton $105.75 ea.
Only 56¢ per model!

EARTH STONE
Gypsum composite makes a model in about one minute. Model looks and feels like epoxy. No dust and no bowls to clean! Lab vibrator is recommended, but not needed.
- Full working hardness in 15 min.
- Completely dry at 19,700psi in 48 hours
- Setting expansion of 0.020% - 0.027%
- 90g tub of stone & 1oz bottle of activator per unit

#16901 (18) Units $53.45
Buy 4+, save 10% $48.10 ea.
Buy 8+, save 20% $42.76 ea.
Earth Stone is not a trademark of DENTSPLY.
Impression & Model Supplies

GENERAL PURPOSE LAB VIBRATOR
- Low, medium and high speeds
- Removable rubber top for easy cleaning
- Rubber suction cup feet hold vibrator still even during the heaviest cycles to help prevent spills!
#LVIB 110v $113.98

ESSIX® DEBUBBLIZER
Helps Eliminate Air Bubbles
To reduce air entrapment in the cast, spray into the impression prior to pouring the model. Clear liquid.
#21008 16oz spray bottle $30.60

FILLIN BLOCKOUT MATERIAL
Ideal for repairing models, blocking out severe undercuts on the cast and creating space in Essix® Aligners for tooth movement.
- Putty-like material is easily formed
- Will not melt under heat or while thermoforming
#42541 60g box $21.63
Fillin is not a trademark of DENTSPLY.

ORTHO BOX® STORAGE SYSTEMS
Heavy-duty and water-resistant, these storage boxes are compact and easy to assemble.
Top-Loading for Finished Cases
#OB004 Mounted models, 4 boxes $96.91
#OA004 Unmounted models, 4 boxes $113.06
Drawer-Loading for Active Cases

#ODA04 Unmounted models, 4 boxes $142.14
Buy 6+, save 10%
Ortho Box is not a trademark of DENTSPLY.

Unmounted Models
One arch stored per cell. Each box holds 120 models; 4 boxes hold 480 models.

Mounted Models
Each cell stores both upper and lower arch. Each box holds 80 model sets; 4 boxes hold 320 model sets.

WONDERFILL™ TONGUE AND VOID FILLER
- Fill in air bubbles, pockets, tongue space, missing teeth and undercuts to enhance the fit of appliances
- Use as temporary dam when making partial molds
- Will not melt; water-soluble; requires no clean-up
#WF100 1.13kg tub $60.77
Buy 3+, save 20%
Wonderfill is not a trademark of DENTSPLY.
